

High School Enrollment Outgrows Building

Problem Is Presented To Taxpayers
By Principal A. M. Conger At
Graduating Exercises

"Topsy Just Grewed and Grewed" and so has the enrollment at the Arlington Heights high school. A large enrollment is very fine, but the regrettable part is that the building has not grown with it. The school building is bursting out at the seams with the increasing pressure from within. Every classroom will be worked to capacity next year and even the assembly hall is not large enough to accommodate at one time all of the student body without placing chairs in the aisles.

That is the problem that is facing Mr. Conger and the school board. It is a greater problem to the taxpayers upon whom will fall the responsibility of making the real decision. Mr. Conger took the opportunity at the graduation exercises to personally present the problem to the patrons of the district, of whom there were nearly 500 present. In order to acquaint those who were not present with the facts as the principal finds them, the statement made by Mr. Conger is given herewith:

"The registration for next September requires that all of the class rooms be used for every period of the day, and some of them are not really adapted to classroom recitation. If the building of new homes continues in our district, and the registration increases for the following year, some provision must be made for added rooms.

"The reason why I am bringing this problem to you at this time is that you are a select group for consultation on this subject, being largely parents and taxpayers of the Villages of Arlington Heights and Mount Prospect, and the rural areas in this High School district. I appeal to you to consider the following questions which the School Board will have to submit to you in the near future for your decision.

"In the first place, the present outstanding bonded indebtedness of the district is roughly \$125,000. The statutory limitation on indebtedness is about \$150,000, which leaves only \$25,000 available for an addition.

"This Statutory limitation may be exceeded, up to the Constitutional limitation until July, 1939, which is 5% or a limit of about \$300,000. Therefore the first question which you will be called upon to consider is whether or not you will approve this exceeding of the \$25,000 available, and if so, to approve a public referendum to raise the tax rate limit for building purposes to provide for the retiring of the bonds and the paying of the interest.

"The second question, is that of the manner in which any proposed building shall be financed; whether to apply for a government grant of 45% under P. W. A., or whether to spread the whole cost of the work over this district. There have been pros and cons expressed regarding these two plans, and the decision must be made by you, who have to foot the bill one way or another.

"The immediate need for an expression as to your wishes in the matter, is created by the fact that P. W. A. applications must be filed before August 31st this year, and the sooner filed, the more liability of obtaining a grant.

"These then are the questions I want to raise at this time, and I sincerely hope that you will think about them, discuss them with your neighbor, and let members of this Board of Education know how you feel about these questions.

"The Board of Education has been struggling with the question of what might best be done with the building, and to acquaint you with some of their problems, I will

enumerate a few that I have heard discussed.

"We have only one steam boiler, which is located about one foot under the wooden stage floor where these graduates and teachers are now seated. If it were to be put out of use because of repairs, we would have no means of keeping the plumbing from freezing, and our expense might well be serious.

"This auditorium has become too small to accommodate the pupils in the school.

"The cafeteria is a portable and temporary structure, much too small, and without adequate heating for other use.

"Our gymnasium is smaller than a grade school gym.

"The superstructure of the whole original building is of wood. All of the ceiling members in this auditorium are built up of wood; the lath are all wood, and I would hesitate to guess how many times we have had to re-plaster ceilings and walls that have fallen.

"I believe it is the desire of the Board to do what ever is done in a manner which will give a fireproof construction of a permanent nature, so that we may be relieved from these constant building repairs."

Methodists Announce Farewell Reception For Rev. and Mrs. Loughlin

A farewell reception for Rev. and Mrs. Loughlin will be held at the Arlington Heights Methodist church Friday evening. Rev. Loughlin will occupy the local pulpit until an appointment is made, but will leave next week for his new home at 2137 Sherman avenue, Evanston.

Rev. Loughlin, as was announced in last week's issue, has been elected comptroller of the board of education of the Methodist Episcopal church. This board supervises all the educational enterprises of Methodism, including colleges, Wesley foundations and the student loan fund, as well as the Sunday school and Epworth League work in the local churches.

"It's Good Fishing" and "Good Eating," Says Banker

Arthur Franzen had a 3 1/2 pound walleyed pike for supper Tuesday night. His son, caught it in his back yard, which chances to be on Fox Lake. Art says that this same son is so good a fisherman that he supplies the fish the entire year, that is eaten in that home-stead. This is not a fish story and here is another. Paul Straud says that blue gills are biting at all lakes and it is a great time to go fishing. He adds he is not making this announcement because he sells fishing tackle, but because he wants his friends to go and "get theirs."

Ed Hrdlicka, who claims to be an authority on fishing is not able to tell about any big catches, but he says the fish are biting at nearly all lakes and it you do not know the location of the lakes he will tell you.

Symphony Concert At M. E. Camp Ground Thursday

Adequate seating and parking facilities have been assured for a large crowd of Northwest suburbanites who are attending the symphony concert, which the Illinois Symphony orchestra will play at the Des Plaines Methodist Camp Ground, Thursday evening, June 23, at 8:15 o'clock.

The Northwest Suburban Council Boy Scouts is sparing no efforts to make the affair an outstanding artistic and financial success, assuring a number of Scouts a delightful summer vacation at Camp Ojibwa-Ko-Ta in Wisconsin.

John L. Bell, Council President, reports much enthusiasm on the part of his committee of nine men who have had splendid cooperation from civic and church groups. Commenting on the work of the committee Mr. Bell said:

"The sale of tickets, popularly priced at forty cents, is progressing splendidly and we are delighted that music lovers in this territory are to have the opportunity of hearing the eighty-piece Illinois Symphony Orchestra under our auspices. The numbers which conductor Izler Solomon is arranging to play are sure to appeal to adults and young alike."

The prominent business men who are assisting in the promotion of ticket sales in the various communities are: John L. Bell and Orville Wentz of Brainerd; Max Humphries, Palatine; Roy Atkinson, Arlington Heights; S. H. Rosenthal

and Geo. Wolfram, Des Plaines; A. O. Atkins and Harry F. Koelling, Park Ridge; A. A. Kanberg, Niles Center.

The Illinois Symphony Orchestra, at its concert next Thursday evening will be conducted by Mr. Izler Solomon, who has received the highest praise from music critics.

Mr. Solomon was born in St. Paul, Minnesota, in 1910 and began his musical career as Concert Violinist at the age of seven. He has won continued recognition and many national honors and was for four years a member of the faculty of the music department of Michigan State College at East Lansing. During that period he appeared as soloist with leading orchestras throughout the west and middle west.

In 1931 he organized the Lansing Symphony Orchestra and was conductor until 1936 when he became conductor of the Illinois Symphony Orchestra in Chicago.

Critics have unanimously acclaimed Mr. Solomon as one of the outstanding conductors not only for his ability, but also for his untiring efforts to bring the unusual and seldom heard classic and modern works to a music loving audience.

He has received outstanding recognition as guest conductor of such orchestras as The Buffalo Philharmonic orchestra, the Detroit Civic Orchestra, and the Grand Rapids Symphony orchestra.

Union Men Return To Project

Faced With Hunger and Loss of Time, Bricklayers Ask of Union, "Why The Strike?"

Work on the Arlington Heights field house was resumed Monday morning when a number of the union bricklayers reported for work. They did not want to be classed as "strike breakers," and sent word to the union that they were returning to work because they needed the money with which to live. They also offered to again quit work if they could be told for what purpose they were striking. They have received no reply. Carpenters and other skilled help are still holding out, awaiting release from strike orders.

Latest reports from the conference room of the WPA and the union chiefs are that a joint committee will make a survey of all WPA jobs to see how many men are employed as skilled laborers who are not qualified to work at that trade. Such a condition does not exist in the park district job as all men not properly qualified have been weeded out. Mr. Wm. Koerber, superintendent on the job, says that it has taken a lot of effort to get rid of men who are improperly assigned, but he thinks that he has as fine a crew of skilled labor as any other superintendent and he wants to keep that crew together.

The work on the Arlington field house has been held up ten days and no electrical work can be done until the roof is completed. The delay may prevent any swimming in the new pool until late in the summer.

Carnival Queen Contest Starts In Sale Of Books Of Legion Carnival

Merle Guild Post No. 208, Arlington Heights, held its regular meeting Tuesday evening, June 14. Many important matters were discussed at this meeting, among them the rules and regulations governing the contest for Carnival Queen.

Any friends of the contestants, and all Legion members except the chairman and his two co-chairmen, may sponsor and work for any girl they would like to see crowned Carnival Queen. The contestants so far entered are: Evelyn Canavan, Lois Clark, Mary Deane, Marguerite Pope and Grace Young.

The prizes to be awarded are as follows: 1st prize, \$25.00; 2nd prize, \$15.00; 3rd prize, \$10.00. All contestants must make weekly reports and turn in all money collected up to July 16, and at the close of each night during the Carnival. Each book of tickets sold represents 100 votes. It is the plan of the Committee to Crown the Queen and award prizes the last night of the Carnival.

The Legion would like to see more Arlington Heights girls enter this contest and any girl desiring to enter may obtain ticket books and information by calling Herman Bauman, Tel. 284. More news and information will follow in later issues of this paper.

The carnival will be held July 19 to 23rd in the business district as in former years.

Scarsdale Says "No" And Means It

Telephone or no telephone the people of Scarsdale do not intend to have their beautiful landscape disfigured by such common things as telephone poles. It took a committee from that suburb four hours Tuesday night to impress upon Mayor Flentie and representatives of the telephone company that when they say "no" they mean it.

Service poles belong in the rear yards, point out the lot owners. Cost of such construction is the stumbling block and another conference is to be held within a few days.

Karstens Morticians Play First Game Tonight

The Karstens Morticians, the girls baseball team, will open their home season for this year at recreation park this Thursday evening, when they will play a team of girls from Elmhurst. The Morticians have always had a good following and spectators at their games are well entertained. Girls' baseball gets rather exciting at times. Better come out and join in the fun.

Lake-Cook To Move Back To Old Location

The Arlington Heights office of the Lake-Cook Farm Supply will move back to the Hagenbrunn building next week. Alterations are now in progress. The old headquarters of both the farm bureau and its sister organization will be used. The farm supply firm has been using the railroad depot which they must now vacate.

FAMOUS AUTHOR GUEST OF ARLINGTON V. F. W. POST

L. C. McCollum, soldier poet of the famous Lost Battalion, who is better known as "Buck Private" McCollum, was guest of Arlington Post No. 981, Veterans of Foreign Wars last Friday, June 10, it was announced by Arden C. Wilcox, Post Commander.

Mr. McCollum is an Illinois survivor of the Lost Battalion, and author of the "History and Rhymes of the Lost Battalion," one of the outstanding books of the World War. Its sale has exceeded that of "All Quiet on the Western Front," and other best sellers of books on the war.

A committee from the Arlington Post, headed by Commander Arden Wilcox, and composed of John Duthorn, Albert Adams, Henry Weide, Ed. Allison, Homer Bowlin, Ernest Nimmman, Jack May and Tony Callahan, together with a committee from the auxiliary composed of Mrs. Edwin Allison, Miss Ruth Hefferen, Mrs. A. Callahan, Mrs. Rose Foley, Mrs. Birdie Nimmman, Mrs. Louise Beckman, Mrs. Henry Hinneburg, Mrs. Frank Morris, Mrs. Albert Adams, Mrs. Henry Weide, Mrs. William Hefferen, Mrs. LeRoy May and Mrs. Mary Hefferen, have arranged to sponsor the sale of the "History and Rhymes of the Lost Battalion," in Arlington, for the purpose of raising funds for the Post and Auxiliary.

"The veterans of the past war," said Commander Wilcox, "are strongly back of a sane peace movement which will keep America out of any foreign entanglements. We feel this can best be accomplished by giving the youth of America the truth about the past war, and what we, as veterans, of that war experienced. We have selected the

Arlington Firemen Now Selling Tickets For July 4th Dance

No matter where you celebrate July 4th, there is no better place to spend the evening than at Arlington ballroom where the Arlington Firemen are holding their annual dance. Music will be by Mel Borchardt and his orchestra. A \$50 electric roaster will be given away. Tickets are now on sale by all members of the department.

A firemen's dance is something that interests all citizens as the returns are used for furthering the fire protection of the village. You will want to buy a few tickets for the good cause it represents.

Saves Arlington \$15,000 In Public Benefit Settlement

Mayor Flentie Closes Deal With Spencer White; Board Will Issue Bonds to Pay-in-full All Specials

Mayor J. D. Flentie of Arlington Heights had some big news for the members of the village board at the special session of that body Monday night. He has been able to save \$15,000 "the taxpayers' money" through an agreement reached with Spencer White, the builders of the big sewer. The village owes approximately \$47,000 to the above company in public benefits and interest. This is all past due. All previous efforts on the part of the village to secure a reduction from the Spencer White company had failed. A week ago Mr. White and a business associate called on Mr. Flentie serving an informal notice that the village must make arrangements to pay the full amount. "There can be no stalling and there will be no compromise settlement," were the exact words of the business associate.

The mayor had a hunch and taking Mr. White into his private office he was able to outline the village's position so vividly that Mr. White grasped him by the hand saying, "It's a deal." Mr. Flentie had offered \$32,500 as payment in full for \$47,000 claims.

The village had previously set aside \$10,000 of tax collected funds into the public benefit fund. This amount was immediately paid to the Spencer White firm. The balance of \$22,500 will be paid within ninety days.

The village of Arlington Heights owes approximately \$12,500 in public benefits and interest in various other special assessments. It is the plan of the village to issue \$35,000 in refunding bonds at a low rate of interest to pay up in full all such obligations. Bonding houses are anxious to make such an issue.

The tax levy each year carries a public benefit item and receipt of delinquent tax money belonging to that fund will be credited towards the \$35,000 bond issue, and future levies can be reduced.

Arlington Heights was one of the towns that was faced with possible court action to enforce special tax levies to pay public benefits. That possibility is now removed and the outright saving of \$15,000 is only a part of the good deal that Mayor Flentie made. The taxpayers will be relieved of possible heavy levies to pay the past due obligations.

Low Bond Obligations

The report of the auditor made to the village board Monday evening, revealed an excellent financial condition for the municipality. The audit in part will be published next week.

Outstanding general obligation bonds of the village are only \$24,500.

Outstanding tax warrants, \$15,500. The treasurer is retiring \$10,000 of these this week from tax monies received.

Water sales for year, \$17,000. Purchases made during year from Public Service Co. \$12,500.

Liquor licenses received, \$4,895. The special assessment funds show a considerable improvement over a year ago and there are few specials that are in the red.

A more detailed report will appear in next week's issue.

Griffith Local Representative Franklin Life Insurance Co.

C. L. Griffith of C. L. Griffith Insurance Agency has just been appointed district agent for Arlington Heights and surrounding territory for the Franklin Life Insurance Company of Springfield, Illinois. In the past Mr. Griffith had not given much thought to life insurance as his time was pretty much taken up with his general insurance business, but now he has decided to give a lot more time to the life insurance end of the business and his first thought was to make a connection with a financially sound, low cost company. After much consideration and investigation he signed a contract with the Franklin Life Insurance Company. This company has a rating of A+ in its financial standing and business management and has its home office in Springfield, Illinois. It operates under the present strict insurance laws of the State of Illinois. The company writes all the usual life insurance contracts, as well as special contracts at very low cost and, as Mr. Griffith says, "The Franklin can write a policy to fit the need and pocketbook of any one wanting life insurance in any of its forms. And," says Mr. Griffith, "why not keep our Life Insurance premiums in our Home State?"

Arlington Prepares For Race Meet

Nineteen horses, shipping in two cars from the Mrs. John Hertz stable at Belmont Park, L. I., arrived at Arlington Park about June 13, Jockey Lester Baleski, the stable rider, will come out from the east to ride the Hertz horses here during the 30-days meeting opening June 27.

Arlington Park's mile and an eighth main track wintered well and is ready for the final touches this week that will have it ready for horses. Roy Carruthers, general manager and John Hertz, executive head of the Arlington Park Jockey Club inspected the spacious grounds of the northside plant and reported routine preparation for the meeting opening June 27 well advanced.

Six self-supporting farms are operated within the 1,000 acres of the Arlington Park grounds. Hay and oats are raised annually on these farms in sufficient quantity to enable them to pay for their operation.

Sidney Brown, Arlington Park official, is working on the Arlington stake book for Racing Secretary Charles J. McLennan and it will be in the hands of the trainers in a few days. "Every good horse in the country is nominated in Arlington's stakes this year," said Brown.

McLennan has notified Arlington officials that he is holding up the first issue of the condition book for the 30-days meeting opening June 27 until the weight situation is clarified. Arlington Park officials have declared themselves as in favor of the higher weight rule as advocated by the National Association of State Racing Commissioners.

Bill Burke, Arlington Park admissions chief who recently returned from New York, is very "high" on the prospects of Townsend B. Martin's Cravat, a candidate for the Classic Stakes here. Cravat finished second to Dauber in the Pimlico Preackness and third, beaten two necks, in the Belmont Stakes.

The "Lightning Eye," the photo finish invention of Jimmy Jones, young eastern engineer, again will be in operation at Arlington Park, which opens here on June 27. Jones' camera is used at Hialeah Park, Delaware, most Maryland tracks and all New York tracks, as well as at other major meetings. Tests have shown that this camera can flash a picture of the finish on a two-way screen for the judges less than 45 seconds after the horses cross the finish line.

Mort Show, director of mutuels at Arlington Park, is in Chicago drafting his resignation and preparing for the opening of the northside meeting on June 27. Shaw also is head of the mutuels at Santa Anita and Washington Park.

It was the unanimous conviction of last Tuesday night that there is a very definite need for a business and civic association in Arlington Heights and that the only thing necessary to make it a success was to select men or women for the Board of Directors who could and would give their time and cooperate in the work of the association.

Business Association Elects Strong Board Of Directors

The annual meeting of the Arlington Heights Trade and Civic Association was held last Thursday night, June 9, in the Village Hall and was well attended by a group of prominent business and professional men and women of Arlington Heights. A revised Constitution of the Association was explained by Mr. N. M. Lottor and was discussed and unanimously adopted, which contained many drastic and progressive changes from the old Constitution—one of the most important being the increase in the Board of Directors from 8 to 11 members and giving the Board of Directors the authority to formulate the program of the Association and to select its officers. Therefore, it was very important that men or women be elected to the Board of Directors who had both the time and ability to give to the work of the Association for the coming year in order that it could accomplish many worth-while things for the business and professional men and women of Arlington Heights, as well as the community in general.

The following 11 well known business and professional men of Arlington Heights were elected to the Board of Directors: E. W. Baumann, C. L. Griffith, W. C. Hartmann, W. Krause, Jr., N. M. Lottor, H. F. Muller, C. F. Schneberger, T. F. J. Studtmann, H. J. Thal, M. R. Watson, E. J. Winkelman.

All these men were present at the meeting with the exception of T. F. J. Studtmann, E. J. Winkelman, and everyone promised to give the necessary time to the work

Firemen Must Retire At 55 Years

Village Board Passes Ordinance, Regulating Equipment, Membership

In keeping with the need of having a fire department at full efficiency the village board recently passed an ordinance that automatically retires all future members of the fire department at the age of 55 and the present members at the age of 60. This provision does not apply to officers. New membership can only be granted to men between the ages of 21 and 30, and they must previously pass a physical examination.

The board also established the office of chief engineer, who shall have charge of all fire trucks and equipment and the same to be kept in good order and repair and in readiness for use at all times, all subject to the supervision and direction of the fire marshal. He shall drive the fire truck when the services of such truck is needed, but in his absence any other member or officer of the fire department can be designated by the fire marshal to perform that service.

The ordinance provides for half salaries for false alarms and arrival at fire or station after fire is extinguished.

In case that any firemen is found guilty of being under the influence of liquor when he reports to the fire house, he will be suspended for a period of six months.

American Legion Medals Presented at Public School

American Legion school award medals were presented by Merle Guild Post to the winners of the graduating class of the Arlington Heights Public Elementary schools at the graduating exercises held at the high school.

A medal was presented to Donald Oefelein and to Marian Hardtke for having excelled in certain qualities.

For the boys, the following qualities served as the basis of the award, Courage, Honor, Leadership, Scholarship and Service, and for the girls, Courage, Character, Companionship, Scholarship and Service.

Arlington Heights Benefit Club Meets Friday Night

The Arlington Heights Benefit Club will hold its next regular meeting Friday, June 17, 1938. Its by-laws have been revised, many important changes made so as to conform more adequately with its present day needs. The meeting will be called to order promptly at 7:30 o'clock and its business transacted as rapidly as possible. Installation of officers will take place at this meeting followed by refreshments and music.

Bring the ladies and show them a good time. All members who are not in good standing, are urgently requested to become reinstated on or before Friday, June 17, and spend a pleasant evening with us. Its officers are making every effort to make this a very pleasant evening for all, so don't fail to be there Friday, June 17, or you will miss a swell time.

The Bluebirds entertained their mothers at the showing of their puppet show on which they have been working for some time, on

Wednesday of this week at the home of Ann Volz.

Friendly Class Hold Hobby Show

Eighty friends and members of the Friendly Class of the Presbyterian church enjoyed a hobby show at their meeting Tuesday afternoon. Some of the exhibits included collections of small dogs, vases, small pictures, old money, some of it dating back to Napoleon, knitting collection, dolls from different countries and many other exhibits of interest. The meeting fell on Flag day, and refreshments and table decorations were in keeping, and Mrs. Victor Pecchia gave a talk on "Americanism" to the guests. Mrs. Elmo Williams had charge of the refreshments and Mrs. J. Groves, program chairman, had charge of the program.

Harriette Willson Gives Dancing Party For Birthday

The Northwest Hills Country club was the scene of a very lovely party last Friday evening, when Mr. and Mrs. Harold Willson, of 204 So. Highland, formerly 904 E. Euclid, entertained fifty-five friends of their daughter, Harriette Jane, in honor of her sixteenth birthday. The club room was beautifully decorated with summer flowers from the garden of Mrs. Briggs, and the girls in their summer formal and boys in white flannels, made the scene a pretty one indeed. The guests enjoyed dancing during the evening, and the guest of honor received many beautiful gifts. The refreshments were carried out with a pink and white color scheme, with a beautifully decorated cake as a centerpiece on the table. Harriette will long remember her sixteenth birthday as a happy one for herself and her many friends, who were present.

LOCAL EVENTS

The Legion Auxiliary will hold its social meeting at the home of Mrs. Carl Skoog, Tuesday afternoon, June 21, at 1:15 o'clock.

AN ORDINANCE AMENDING AN ORDINANCE ENTITLED: "AN ORDINANCE REGULATING AND CONTROLLING MOTOR VEHICLE TRAFFIC IN THE VILLAGE OF ARLINGTON HEIGHTS, ILLINOIS," PASSED AND APPROVED ON THE 23RD DAY OF SEPTEMBER, A. D. 1935, BY ADDING THERETO A SECTION TO BE KNOWN AS SECTION 80a.

SECTION 1. That an ordinance entitled: "An Ordinance Regulating and Controlling Motor Vehicle Traffic in the Village of Arlington Heights, Illinois," passed on the 23rd day of September, 1935, and approved on the 23rd day of September, 1935, and published on September 27, 1935, be and the same hereby is amended by adding thereto a section to be known as "Section 80a," and which section shall be and read as follows:

"Section 80a. Any person, firm or corporation violating any of the provisions of this ordinance, except Sections 38, 60 and 61 hereof, may pay a fine and costs in accordance with the schedule hereinafter set forth, by mailing the amount thereof by certified check, money order or currency, to the Police Magistrate of the Village of Arlington Heights, Illinois, or by leaving the amount thereof with the Department of Police to be turned over to the Police Magistrate. Such remittance must be accompanied by a signed plea of guilty and waiver of hearing, which must be made within forty-eight (48) hours after the time of delivery of the arrest notice, as indicated by the arresting officer therein.

All persons who are not guilty of the offense indicated should deliver their arrest notice in person to the Department of Police of the Village of Arlington Heights, in the Police Station, within forty-eight (48) hours of the date and hour indicated thereon. Arrangements for hearing will be made by such Department.

Fines and costs to be remitted, as aforesaid, shall be as follows:

First Offense	Second Offense	Subsequent	Cost	Total
\$1.00	\$2.00	\$3.00	\$1.00	\$2.00
5.00	2.00	7.00	2.00	7.00

Violations of any section of this ordinance shall constitute an offense within the meaning of the above schedule.

Repeating offenders may in the discretion of the Police Magistrate be arraigned and any fine not to exceed \$200, shall be assessed upon failure of any violator to comply with the requirements of this section. A warrant shall be issued for his arrest and arraignment made in due course."

SECTION 2. This ordinance and the foregoing amendment shall be in full force and effect from and after the passage, approval and publication thereof, as required by law, and shall be known as Ordinance No. 601.

PASSED this 13th day of June, A. D. 1938.

ARTHUR L. McELHOSE,
Village Clerk
APPROVED this 13th day of June, A. D. 1938.
J. D. FLENTIE,
President.

Suit has been filed in Circuit court by E. R. Weber against Mount Prospect village, et al for an injunction to prevent the village paying out special assessment funds until an accounting is given. He says he owns unpaid special assessment bonds in special assessment No. 9, which are unpaid although money has been collected which he claims has been used for general village purposes.

The will of the late Mrs. Lydia DeFreest, who died in Des Plaines, April 8, has been admitted to probate. It disposes of an estate estimated to be worth \$4,000. A niece, Carolyn Benzing, Des Plaines, is given several shares of stock. The residue is ordered divided between her daughter, Lydia Koropp, of Des Plaines, and son, William B. DeFreest, of Chicago. The daughter and son are made executors of the will.

Sealed proposals for the improvement described herein will be received at the Village Hall by the President and Board of Trustees of Arlington Heights, Cook county, Illinois until 8:00 p. m., June 20, 1938, and at that time publicly opened and read.

The proposed improvements are officially known as section 9 C. S. and to be built with Motor Fuel Tax Funds.

The proposed improvement is to be a Portland Cement concrete pavement, 20 feet in width and a 12 inch storm sewer for drainage. The improvement is in Ridge Avenue beginning at Campbell Street and running north approximately 1,000 feet.

Proposal forms may be obtained from the Village Clerk.

All proposals must be accompanied by a bank cashier's check, or bank draft for ten (10) per cent of the amount of the bid, as provided in the "Standard Specifications for Road and Bridge Construction," prepared by the Department of public Works and Buildings of the State of Illinois, adopted by said department July 1, 1936.

Rejection of Bids. The President and board of Trustees reserve the right to reject any or all proposals and to waive technicalities.

WINNING HEALTH ESSAYS

HEALTH THROUGH THE AWARDS SYSTEM

Each year, prizes and awards are given to the children who practice good health habits to a great extent. These children not only practice good health habits, but are using one of the fundamentals of better citizenship. They were examined by the doctors and dentists and found to have perfect teeth as well as healthy bodies.

This examination of all the children permits each and every child to be examined without the individual families having to bother. The doctors are saving much time by this method. Of course the doctors here only have first responsibility. If faults are found in the teeth, etc., the parents are responsible for seeing that these things are taken care of.

Returning to the process through which these students were chosen, we find that their teeth must be well taken care of. They must have their teeth clean and free from cavities which must be filled. They must have sound, healthy bodies, free from sickness and disease. They must practice cleanliness and good health habits.

Tonight we see these boys and girls who have lived up to these standards. They have succeeded in becoming some of the best citizens, citizens who are needed in a country such as ours. Health and happiness dwell with these children, for if they are healthy they must be happy.

Diplomas Given To Graduation Class Of Eighty-four

The 1938 class of the Arlington Heights high school said their goodbyes to the school last Thursday night in exercises of their own choosing and in a manner that was characteristic of this class membership which entered as freshmen with 141 and graduates with 84, the second largest class in the history of the school.

Principal Conger in his talk that evening said that it was an unusual friendly and sociable group which had "no problem children" among its members. Every member of this year's class left a fine record in the hearts and minds of their teachers, something for which the class should be proud.

The farewell of the class to high school life was under the direction of Warren W. Carlson, the president of the class who presented four speakers, members of the class. These four who presented the thoughts and reactions of the class body to the problems and opportunities facing them were Jean Daniels, John A. Cunningham, William C. Deering and Veronica Steiger.

The special awards presented by Mr. Conger that evening were: Scholarship, Henry W. Chidley, Science, Julius D. Holquist, Activities, Lorraine M. Foley, D. A. R. Citizenship, Dorothy Gerken.

In announcing the names of the ten students with the highest honors, Mr. Conger stated that there were others very close and the relative position of some of those in the honor list was almost identical. The highest ten were Henry Chidley, Dorothy Hoof, Warren Carlson, Mary Lee Meyer, Myrtle Hone, Norma Malzahn, Florence Harth, Velma Deeke, Juanita Meyer, Clara Metz.

During the past year the senior class also took an achievement test, which was given to most senior classes in the state, and I am going to read the names of the ten highest seniors in that test. This test was made up of the following: Paul Carroll; 2nd, Jean Daniels; 3rd, Mary Lee Meyer; 4th, Florence Harth; 5th, Martin Goerger; 6th, Eugene Potter; 7th, Henry Chidley; 8th, Wilbert Engelking; 9th, Theodore Thorson; 10th, Raymond Boeger.

Class Leaves Memorials

This class produced one of the best Senior Plays we have had, and during their four years, have earned through various activities, a net balance of about \$200.00. They have voted to divide this about equally between the Music department

and the Athletic department for the purchase of memorials. The Music department is to be presented with a Standard for display at concerts, a set of bells, and a new baritone horn. The Athletic department is to be presented with 15 heavy waterproof and hooded coats for use by the football players when on the sidelines. I know that these gifts will be used with much enjoyment and appreciation in the years to come.

St. John's Picnic

This Sunday, June 19, St. John's Evangelical congregation will hold their annual picnic in the George Scharringhausen grove, located about five miles south of this village on South State road.

An interesting program of events has been planned and will begin promptly at 1:00 p. m. There will be games and contests for all of the departments of the church school under the supervision of the superintendents, teachers and officers. Volley ball, softball, and other interesting games have been planned for the young people. There will also be some interesting contests for the men and women, regardless of age. Prizes will be awarded all groups.

The softball team of St. John's Evangelical church of Addison township, will provide the opposition in the men's softball game beginning at 3:00 p. m. A brief "Out-Of-Doors" devotional service will commence at 1:00 p. m. Bring your basket dinners and enjoy the day at this picnic with your friends. In case of rainy weather, the regulars will be in the church at 10:30 a. m.

Mr. Emil F. Baumgarten is the general chairman of the congregational and church school picnic.

Open House At Camp Oh-da-ko-ta Sunday Afternoon

Next Sunday afternoon, June 19, the Annual Open House for Scout parents and friends will be held at Camp Oh-da-ko-ta, the Boy Scout camp operated in cooperation with the Kenosha Council, Boy Scouts of America for the Scouts of the Northwest Suburban Council. Permission has been secured from the National Council B. S. A. to conduct a period of camp exclusively for Cubs and registrations are now being received at Scout headquarters for this period. Den chiefs who are serving with their Packs may attend camp this week with their dens.

The 7th week of camp has already been filled and with the sixth week designated as exclusive for Cubs this leaves only five weeks of camping for Scouts. Every Troop

should register their Scouts just as soon as possible in order that they may be able to attend the period and unit which they desire.

Camp Oh-da-ko-ta is situated one mile north of Slades Corner, Wisconsin, which is six miles east of Lake Geneva on Route 52. The camp is located on Dyer Lake and offers very fine equipment, leadership and program for Boy Scout campers.

Where The Teachers Will Spend The Summer

Summer time is going to be a busy two months for the instructors in the Arlington Heights elementary schools with many of the teachers attending colleges. An inquiry as to how the teachers will spend their summer revealed that—

Mr. Vanderbeck will attend Northwestern summer school. The National College of Education, Evanston, Ill., will be attended by Miss Bearse, Miss Sott, Miss Clark, Miss Laughlin and Miss Sapp.

The Eastern Illinois Teachers College at Charleston, will be attended by Mrs. Walk and Miss Mildred Russell.

Mr. Anderson will be counselor at a boys camp in the west. Miss Cunningham will be at a summer camp at Menocqua, Wis. Miss Bearse will take a trip west later in the summer.

Miss Jackson is to be a bride. High School Teachers

Mr. and Mrs. Rossiter will visit Mrs. Rossiter's parents at Urbana. Mary Funk entertained her sister Ruth from Urbana over the weekend, accompanying her home.

Misses Dorothy Sott and Irene Russell will take a vacation trip in the north.

Miss Stewart is planning to take a bicycle trip through Scotland.

All Girl Orchestra At Rand Tower Saturday

The Wheeling Township Young Democrats will sponsor a dance at Rand Tower Saturday night, June 18.

The main feature of this dance—which will be the biggest social event of the month—will be the silhouettes, an all girl five piece orchestra. This orchestra is well known and popular.

The dance will start at 9:00 p. m. Tickets are 25 cents and can be secured from members of the Young Democrats.

This will be a strictly social event with no political or other speeches.

"Snow White" Has Dynamic Drama And Pathos, Too

High drama, pathos, excitement and suspense are woven into Walt Disney's feature-length picture, "Snow White and the Seven Dwarfs."

This picture appears at the Arlington Theatre Sunday, Monday, Tuesday, Wednesday and Thursday, June 19, 20, 21, 22 and 23.

In the seven-reel Technicolor picture Snow White's beautiful but vain and wicked Queen consults her mirror to find out who is the fairest in the land. When the mirror replies "Snow White," the Queen retreats to her secret dungeons at the bottom of the castle, through which a mysterious river flows. Here, in scenes which could never be done with the limitations of regular motion picture technique, she brews magic potions and turns herself into an old witch, to an accompaniment of lightning and crashing thunder. She disguises herself thus so that she may go to Snow White living in the Cottage of the seven dwarfs, and posing as an old peddler woman, induce her to bite into a poisoned apple.

The ultimate in excitement and suspense comes when the dwarfs, discovering the Queen at their cottage, chase her through a blinding thunder and rain storm, up into mountain fastnesses where, just as she is about to roll a boulder down on them, a bolt of lightning sends her toppling over a cliff into oblivion.

Calculated to bring a tear to the eye of everyone is the sequence wherein the dwarfs, believing Snow White dead, build a glass coffin for her so that they may still look upon her beauty. They place it in a flower-laden bower in the woods, where they and the small birds and animals take turns keeping watch over it.

Romance comes riding along soon, however, in the person of a handsome young Prince, long in love with Snow White. He kisses her, breaks the spell of the magic apple, and the two ride away to lasting happiness, with Snow White promising to return to visit her forest friends from time to time.

People Are Choosing...

SERVEL
ELECTROLUX
THE Gas REFRIGERATOR

4 times as many people in Northern Illinois have
chosen Gas Refrigerators in the first 5 months
of this year as in the same period in 1937!

HERE ARE THE REASONS:

1. Drastic price reduction for 1938.
2. No moving parts in the freezing mechanism to wear.
3. Permanent silence.
4. Every up-to-the-minute refrigeration convenience.

And look at the NEW features Electrolux brings you!
... New tray release frees ice tray instantly... Stainless steel cube release gives you one cube or the entire trayful at once!... New illuminated temperature dial—reports temperature in food compartment—giving assurance that constant Electrolux cold is protecting your food every minute... Push or Pull door opener—door opens easily when hands are full. There are many more modern improvements, too numerous to mention!

Electrolux gives you low operating costs!

Electrolux makes cold with the tiny blue "Thrift flame", which skimps on fuel, year after year. This freezing mechanism has no moving parts to wear. That means a long life with low maintenance costs—economical cold-making for years to come!

Look over the beautiful new Servel Electrolux models. Find out about new low prices and low operating costs. There's a size to give your family economical food-keeping. Come in today—ask us to show you why Servel Electrolux is an outstanding 1938 refrigerator value.

Pay Last Respects To Pioneer

With simple ceremonies the remains of Lewis G. Helm, Wheeling township pioneer, were laid to rest in the Arlington Heights cemetery Saturday afternoon. Mr. Helm died Monday, June 6, at the home of his son, Fred, in Arcadia, Calif., and the remains arrived in Arlington Heights Friday. Many old time friends visited the bier at the Lauterburg & Ochler funeral chapel that evening, paying their last respects to a man who was prominent in Wheeling township during the eighties and nineties.

The funeral was largely attended and the services were in keeping with the man in whose honor they were held—a man who was kind to his fellow men, who ever looked upon the bright side of life, who was held in high regard by the general public and who was greatly loved by his family and those who were intimately acquainted with him. It was a pleasure to meet Mr. Helm. He was a man who lived in a manner that enabled him to enjoy his old age, reaching his 88th year with all his faculties, even being able to read without glasses.

Lewis G. Helm, son of George and Mary Lewis Helm, was born June 23, 1850 in a log house near the site of Dan No. 2, on the Des Plaines river. His parents had taken up a claim there in 1844, after coming to Chicago in 1832.

Mr. Helm married Amelia Hart who passed away shortly after the birth of a son, George, who died in California in 1934. On March 27, 1879 he married Miss Mary Elizabeth Allison, who in 1920 preceded him in death. A son, Raymond, died in 1904.

Mr. Helm is survived by a sister, Mrs. Alice Cook, of Winnetka; by two sons, Fred W. of Arcadia, Calif. and Howard A. of Arlington Heights and by six grandchildren. Mr. Helm left his farm in 1889 and came to Arlington Heights where he operated a lumber and coal yard (now Tibbitts-Cameron) until 1900, when he retired from active business and in 1910 moved with his family to California.

Mr. Helm considered Arlington Heights his real home and after his son, Howard, returned, he spent his summers in Arlington and his winters in Arcadia.

MR. LEWIS JOERS

Mr. Lewis Joers of Palatine, Ill., was taken seriously ill on Wednesday afternoon, June 8, 1938, and immediately rushed to the Sherman hospital at Elgin, where he passed away the same evening at the age of 67 years, 4 months, 17 days.

Mr. Joers was born in Arensburg, Germany, January 20, 1871, and came to the United States at the age of 10 years and made his home in Chicago. In the year, 1907, he was united in marriage to Miss Hattie Mecklenburg at Chicago, where this couple made their home until 1916 when they came to Palatine and have made their home in this city.

Mr. Joers leaves to mourn his departure, his loving wife, Hattie and two children, Esther at home and Arthur also of Palatine; also a daughter-in-law, Rubie; two sisters-in-law and four brothers-in-law.

Funeral services were Saturday afternoon, June 11, 1938, at 2:00 p. m. at the Palatine Lutheran church, Rev. Poellot officiating; interment was in St. Lucas cemetery, Chicago.

Mr. Joers was a painter by trade and had established a reputation as an expert in his line of work.

It Happened Here

FLYING THE MOON

Ask for the moon to hold in your hands—
Is it heavy, or only a blown balloon?
When Mother gives us a kiss and stands
Till we quiet down, then ask—
quick!—for the moon.
Moon, round moon, don't go!

If we had it here when she puts out the light
We would hold it and tie it and play a fine game,
Flying it high like a moth-winged kite,
But we'd tether it fast to the window frame!
Moon, sail high, sail low!

As we lean out, it comes swinging near,
Going nowhither and caught in the trees—
Someone has snagged its tail, that's clear,
Wind, blow it down to us here, oh, please!
Blow for us, wind, oh, blow!

Then all of the children, looking out,
Will see us flying our moth white moon;
They will reach their hands and dance and shout
And ask to hold it and fly it soon.
But they mustn't touch, no, no!

The lawns are dotted with baby robins—there are really more robins than we can reasonably use—how about an exchange bureau, half a dozen robin squabs for a quart of red, ripe strawberries, or what price holding a baby robin for ransom. The lady left her porch door open and returned to find a baby robin squatted under her desk, eyeing her with beady inquisitiveness. Young Mr. Robin and his parents set up such a clamor that the wrongfully accused person still feels herself an object of suspicion among the clan.

S'Amuser.

Nation's Best Probable At July 30 Race

War Admiral vs. Seabiscuit.
Seabiscuit vs. Stagehand.
Stagehand vs. Lawrin.
War Admiral vs. Lawrin.
Snark vs. Pompoon.
And a "Dark Horse" popping!

Here are some possible combinations presented in a quick glance over the list of 41 nominations for the "Mid-Summer Championship"—the new \$25,000 added Arlington Cup, a mile and a quarter, weight-for-age—to be run at Arlington Park on July 30.

From the nominations announced Saturday the most colorful race of the year looms. Stars of the 3-year-old division and the older thoroughbred colony stud the starry list and, if they train to the race, it will be one of the biggest events of the 1938 turf season, horsemen predict.

Cancellation of the \$100,000 Belmont match race left the nation-shaking controversy over War Admiral and Seabiscuit hanging in mid-air. There's better than an even chance that they'll clash—with a worthy field of rivals added—in the new Arlington Cup.

Then there is the much mooted "whisker" finish wherein Stagehand defeated Seabiscuit in the 1937 running of the \$100,000 Santa Anita Handicap last March. That can be fought out again over the mile and a quarter of the Arlington Cup.

Partisan camps have formed for Lawrin, the Florida 3-year-old champion and Kentucky Derby winner, and Stagehand, the California 3-year-old king who was forced out of the derby through illness. Turf fans would travel thousands of miles to see this pair meet.

Again, you have War Admiral, hero of the 1937 Kentucky Derby, meeting Lawrin, winner of the blue grass classic this year. Under the weight scale the Admiral, a 4-year-old, would have to carry 126 pounds and the 3-year-old Lawrin would have to tote 114.

On May 28 at Belmont Park Pompoon, hero of Pimlico's revered Dixie Handicap, dropped a decision by the width of a woman's hand to Snark, the New York speed king, in the Suburban handicap, which was run in near world record time for the mile and a quarter.

And always in the background lurks the "dark horse," the longshot that upset the figures and writes exciting history in racing's annals.

There are powerful oldsters such as Count Morse, Eagle Pass, Count Arthur, Flying Scot and Burning Star in the race. Also sprightly 3-year-olds of undoubted quality like Fighting Fox and Bull Lea and The Chief.

It's the race of the year, this Arlington Cup for \$25,000. And no matter how it goes, racing fans will get some kind of an answer to the

many questions that trouble them after the bewildering rise and fall of the topnotchers during the early 1938 campaign.

Fertilizer Experiments To Be Discussed At Field Meeting June 19

"Would you like an opportunity to see the experiment results of lime, phosphate, potash, and other fertilizers in small grain, grass, hay crops, and corn?" asks Farm Adviser C. A. Hughes. "If so, one of the best opportunities will be to attend the field meeting at the Joliet Soil Experiment field the afternoon of June 29. This meeting will be held at 1:30 p. m. The Joliet field is located in Will county half way between Joliet and Plainfield on U. S. Route 59, just ¼ of a mile south of Six Corners."

"Dr. F. C. Bower of the University will be the main speaker and will discuss results on these fields, along with many other soil management practices. As many farmers as can, are urged to attend this very important meeting."

"In our judgment Cook county has a great deal to do yet in soil improvement. If at all possible try to take the afternoon of the 29th off. We will be driving down and will be glad to take three or four interested farmers along."

The Way "Old Scout" Figures the National Debt

(Approximate Figures)
Bushel of wheat, 60 lbs., 420,000 grains. 420,000 divided by 15.21, equals 28,000. That is, a bushel of wheat weighs as much as \$28,000 in gold.

To pay the National debt about \$40,000,000,000, would take 40,000,000 bushels of wheat at \$1.00 per bushel.

40,000,000 bushels of wheat weighs 2,400,000,000,000 lbs.

2,400,000,000,000 divided by 40,000 (40,000 lbs. to car) equals 60,000,000 carloads.

60,000,000 cars, 40 ft. to car equals 2,400,000,000 ft.

2,400,000,000 divided by 5,280 equals 454,545 miles.

454,545 divided by 25,000 equals 18, that is, a freight train of wheat that would reach around the earth at the equator 18 times, to pay the U. S. debt. If all debts, public and private are ten times as much, it would take a freight train 180 times around the earth to pay all our debts with wheat at \$1.00 per bushel.

With 454,545 mile train of wheat to pay the U. S. debt, it would take a freight train of gold one 28,000th as long to haul the debt in gold.

454,545 divided by 28,000 equals about 16 mile train of gold. Then all our debts might take somewhere near a train 160 miles long to pay our debts in gold.

Submitted for consideration and criticism or the waste basket.

Landmeier Again Going After Big Potato Crop Christened in Confirmation

Albert Landmeier established a big potato record last year and is putting in a large acreage again this year. He recently purchased of John F. Garlish a two row potato planter with fertilizer attachment. A meeting of interested farmers will be held soon to consider the purchase of a combine for use in the harvesting of small grains. One operator is all that is needed in addition to the farm owner who will haul away the threshed grain. Since the advent of truck gardening, many farmers have dropped the raising of oats as the harvesting expense is too great. With a combine, the individual truck grower could raise his own grain and harvest it with no aid from his neighbors.

Cut Noxious Weeds

(Official Notice)

According to "An Act Concerning Noxious Weeds," all property owners are required by law to destroy noxious weeds growing on their premises, before they reach the seed bearing stage. Full cooperation by every property owner and municipality with the local Thistle Commissioner, will be greatly appreciated.

As a land owner you are hereby notified that you are under a legal duty to destroy all such noxious weeds on the above described premises before seed bearing stage, in accordance with the provisions of Section 3 of the above mentioned act. The methods of treating and eradicating noxious weeds as recommended by the Department of Agriculture can be obtained from the undersigned.

Full cooperation from property owners will be necessary because of lack of funds prevents the township from employing relief labor as was previously done.

Yours truly,
Louis Clark,
Thistle Commissioner
(6-23) • Wheeling Township.

Northbrook Maid Is Bride of Herbert Wulff, Glenview

Miss Theresa Straub of Northbrook, was the lovely bride of Mr. Herbert Wulff of Glenview, Ill., on May 28, at the Immanuel Lutheran church, Rev. Paul E. Meyer reading the ceremony.

The bride wore a white lace gown with a long tulle veil and carried a mixed flower bouquet. She was given in marriage by her brother, Mr. William Straub of Winnetka.

The bride's only attendant was Miss Eleanor Wulff, sister of the groom, who wore a gown of blue moire taffeta, carried an old fashioned bouquet and her accessories matched her pretty gown.

Mr. Oscar Sander, was best man. The happy couple will make their home in Des Plaines.

Several showers preceded the ceremony, one was given by the bride's sister, Mrs. Arthur Schildgen at Northbrook, some weeks ago.

Chicago Firemen Beat Red Wings

Last Sunday the Chicago Firemen took the measure of the local Red Wings, the score being 4-3, in a game where errors and unearned runs played an important part. Geo. Schaefer pitched a very nice game, allowing only 5 hits and striking out 7 men. Only one man reached first base on a free ticket.

The Firemen picked up their runs on an inning. In the third inning, "Porky" Wahl threw one into the grandstand trying to get Groth the first man up. Groth took second on the wild heave and scored on a single by the pitcher.

In the fourth two singles and a double play scored another, and in the fifth the Firemen scored a run without the aid of a hit, Morgan going all the way around while three fielders were trying to relay the ball in from center field. In the sixth two singles and a long fly to right accounted for the last run.

The Red Wings had one big inning in which they scored all their runs. It all started in the fourth inning, Joe Brodman trying for his first hit of the season, had to be satisfied with a walk. Then Frank Brodman and Al Pederson singled in rapid succession, Joe scored and the other runners went to second and third. Farmer struck out, and Schaefer singled, scoring both runs, and on the throw in to the plate Schaefer tried to go to second base,

but the pitcher, playing heads up ball, cut off the throw and they trapped Geo. between first and second, and he was run down. But for that play, the score might have been different, because Fimbach, next man up, got another hit and there is no telling what might have come of it. So much for the game.

The night game at Glenview has been postponed another week, and will now be played on June 24. They report a large advance ticket sale, so I'm sure there will be a large crowd on hand. Let's have a good representation from Arlington at the game, I understand there will be some big league ball players at the game that night, so you Sox fans here is a chance to meet your favorite players.

On Sunday, June 19, the Mayfair Merchants will be here. This is a strong Mid-west team. The Red Wings have a score to settle with them. Game called at 3 p. m.

The Red Wings ball club wishes to thank the Junior Drum and Bugle Corps and the local firemen for their splendid cooperation in making possible the parade which preceded the ball game. And to the American Legion we wish to say thank you, and best of luck.

Score by innings:

Chi. Firemen	001 111 000-4	5 1
Red Wings	000 300 000-3	7 4

News From Springfield

by BERNICE T. VAN DER VRIES
Representative, General Assembly
Seventh Senatorial District

Out of the 22 items which were included in the Governor's call for the Special Session, five have been enacted during the four weeks since the convening of the Session. The \$4,500,000 appropriation for the relief of the unemployed, the extension of the three percent utility occupational tax, an appropriation of \$20,000 for the burial of persons on Old Age Assistance, an appropriation of \$175,000 for the expenses of the Special Session and a \$700,000 appropriation for a new building at the University of Illinois are the sum total of four weeks of work so far as the actual passage of bills is concerned.

Practically all of the other subjects in the call have been covered by bills which have been introduced but they are so controversial in character that the differences will have to be ironed out rapidly on the first of July (the deadline for bills without emergency clauses) will be upon us and either an adjournment or a recess will be in order. Since bills with emergency clauses require a two-thirds vote of both houses, a controversial bill has little chance for passage if it requires a two-thirds vote.

At the present rate of spending by relief authorities, every one agrees that the \$4,500,000 appropriation is not sufficient until the legislature meets next January. For three weeks hearings have been held in the House with the Director of the Department of Finance and representatives of other fiscal departments present in an effort to find out what state funds are available, but so far the various departments have not agreed. The Director of Finance insisting that a \$2,000,000 deficit is possible at the end of the biennium on June 30, 1939 and the State Treasurer and State Auditor hinting that there will be a surplus of 15 to 20 million dollars in the treasury on that date. The hearing has been continued to the coming week.

On the subject of further appropriations from the state treasury, the Speaker of the House is said to have stated that no more state money if available could be appropriated in this Special Session because the Governor's call definitely limited the amount of money to be appropriated. At the time of the call some members of the Assembly questioned the Governor's constitutional right to limit the actions of the Assembly in the appropriation of funds other than by a veto. Perhaps the only way to settle the matter if the State is to appropriate more money will be the calling of another special session. Incidentally a second special session has been rumored for the consideration of truck regulation. This was a highly controversial subject in the closing days of the regular session.

The proponents of the City Manager bills were given an opportunity to be heard in the municipalities committee of the House last Wednesday. Acting chairman McGrath kept the committee orderly in spite of some members of the committee

Plan Youth Rally

Youth representatives from Highland Park, Deerfield, Elgin, Northbrook, Addison township, Bensenville, Hanover township, Long Grove, Union, Bartlett, Lake Zurich, Palatine, Carpentersville, Plum Grove, Arlington Heights, Crystal Lake, Barrington, Des Plaines and Harmony, will meet at St. John's Evangelical church of Arlington Heights to formulate and approve plans for a Youth Federation Rally to be held during the early part of the fall season. The following pastors will work with the youth representatives in an advisory capacity:

Rev. Armin H. Bizer of Northbrook; Rev. Paul E. Winger of Niles Center; Rev. Verne Warner of Harmony and Rev. R. J. Kalwitz of Arlington Heights.

Besides the formulation of plans for the youth rally, definite units of federated youth activity will be set up. Some of the contemplated units of federated youth activity include: Athletic games and tournament, forensic, dramatic and temperance. Rev. R. J. Kalwitz is chairman of the Fall Youth Rally.

who wished to monopolize the discussion. On Tuesday the opponents will present their views.

The question of a State Board of Education will be discussed in the Senate on Wednesday when Senate Bill No. 6, known as the Stuttle bill will be given a hearing. Opponents to the measure are growing and members are being deluged with letters from persons who fear the power given the Board. Meantime the House Bill on the same subject which is sponsored by the Illinois Educational Association and the Illinois State School Board Association and which sets up an advisory state school board is held in the committee on Education in the House because a quorum was not present at the hearing last week. It is indeed unfortunate that a compromise program could not have been developed before the state school board proposal was brought before the legislature again.

Driver's license bills are in the same situation as in the last regular session. The Senate has passed a bill giving the administration to the Secretary of State. The administration faction in the House plans to amend the bill giving the administration to the Highway department of the Department of Public Works. This is the same program which defeated the driver's license bills before.

Protests are pouring in against the business licensing bills. These bills give municipalities the right to license for revenue whereas heretofore they have licensed for regulation.

The session is almost at a dead-lock.

Fred Radtke Becomes Assistant Manager At Arlington Park

Chicago, Ill., June 17—Fred A. Radtke, formerly head auditor, has been appointed assistant manager under Roy Carruthers, secretary and general manager of Arlington Park, it was announced by Otto W. Lehmann, president of the Arlington Park Jockey Club, here today.

Radtke has served Arlington Park since the present group of Chicago sportsmen took over the north side racing grounds in 1929. He had been a member of the U. S. air service during the war and later worked for Walter Heller Co. Radtke lives at River Forest, Ill., and his son, Schrade, is an honor student at Massachusetts Institute of Technology.

Arlington's new assistant manager comes from a noted racing family, although his own connection with the sport has been confined to service at Arlington Park.

His brother, Herman Radtke, was a famous jockey of another generation. He rode for August Belmont, James R. Keene, Harry Payne Whitney and other famous American stables before going to Europe to ride for the late Czar of Russia and Baron Haniel, one of the German signers of the World War treaty. Another brother, Henry, who also rode, at present is training the western division of the T. P. Morgan stable.

Officers and directors of the Arlington Park Jockey Club, which will open its 30-days meeting here on June 27, are: president, Otto W. Lehmann; chairman of the board, Charles A. McCulloch; vice presidents, Laurence H. Armour, Roy D. Keen, Weymouth Kirkland, Warren Wright; treasurer, Leonard S. Florsheim; secretary and general manager, Roy Carruthers; directors, Laurence H. Armour, Vincent Bendix, Philip D. Block, Britton I. Budd, Roy Carruthers, George A. Cooke, E. A. Cuddeh, Jr., Stanley Field, Leonard S. Florsheim, Charles F. Gore, John D. Hertz, Roy D. Keen, Weymouth Kirkland, Albert D. Lasker, Otto H. Lehmann, Harry L. Lobell, Charles A. McCulloch, Charles S. Pearce, James Simpson, Jr., Lawrence P. Stern, Silas H. Strawn, John R. Thompson, Jr., Thomas E. Wilson and Warren Wright.

The Screech Owl

The screech owl, called by some the little horned owl, is a familiar bird in many sections. It is not as secluded in habits as are other members of the owl family and often is found nesting in bird boxes put up for martins and flickers.

Safetygrams
BY
FRED W. BRAUN
The Safety Man

It's peculiar to note that automobile racing experts who compete at Indianapolis and other speedways year after year are very slow and careful drivers.

Statements from these men and evidence of their driving habits prove they are careful. They know the results of excessive speed. They know what will happen when the car gets out of control. They must have good judgement on turns. They exercise common sense.

Safety is about 99% common sense—accidents are 99% thoughtless hurry.

It's better to say, "Give him the right of way," than "GET HIM right away."

It's smart to be careful.

**No Hills Ripped Out . . .**

with This McCormick-Deering Cultivator

Even cornfields with a good check sometimes have a few hills out of line. With the Farmall No. 215-H 2-Row Cultivator, however, this makes little difference because this cultivator makes full use of the Farmall patented gang shift.

With this exclusive Farmall feature, a simple turn of the steering wheel shifts the gangs and steers the tractor, actually doubling the dodging action or sidewise shifting of the shovels.

This cultivator covers 20 to 30 acres a day on approximately a gallon of fuel an hour. It is especially adapted to the Corn Belt, where thorough cultivation in check-row fields is necessary.

Come in and see this cultivator and other McCormick-Deering farm equipment.

Farm Group Opposes State School Bill

Representatives of the Illinois Agricultural Association appeared at a hearing Wednesday morning, June 15, in Springfield, to oppose the board powers granted to a state board of education which would be created under a Senate Bill now pending in the special session of the Illinois legislature.

This action by the Association's legislative committee is consistent with a resolution adopted by delegates to the 23rd IAA convention held in the state capital, January 28.

The bill not only creates a state board of education but also empowers it to prescribe standards for a minimum program of education including such matters as teachers' salaries, length of class day and school year, building standards and conditions, educational equipment and transportation provisions.

All school districts will be required, if the bill becomes a law, to comply with the rules of the board within one year. A school district failing to comply would not be entitled to further participate in the state distributive school fund.

"The Illinois Agricultural Association regards this bill as a step toward compulsory consolidation and state control of schools. While the Association favors voluntary consolidation of schools as local conditions permit, it believes that compulsory consolidation is impractical under existing road conditions in many parts of the state."

"Under such a law an unfair portion of the tax burden for these schools would fall on rural property under the present taxing system. Parents and local school officials are better qualified to determine standards and programs of education than a state board which would meet in Springfield, the IAA believes," says Paul B. Mathias, corporate secretary.

Waste Never Wholly Avoided

"Waste can never be wholly avoided," said Hi Ho, the sage of Chinatown. "In order to have a garden you must be content to maintain a few caterpillars and thank them for the beauty of the eventual butterfly."

School Boards Say No

A crowd of 500 school board members from the schools of Cook county from the larger high schools to the one room country school, jammed a huge banquet hall of the Sherman hotel to the doors Wednesday night to protest against the passage of Senate bill No. 6 which would turn control of the schools of Illinois over to a political dictatorship responsible only to the governor of the state.

The same throng realizing that there is much good that a state school board can do, then went just as lustily on record as favoring House Bill No. 41, which was presented to the legislature by representative Bernice T. Van der Vries of this district and which was formulated with the help of the Illinois School Boards association and the Illinois Educational association.

Senate Bill No. 6, found no friends among the school board members who saw in its provisions the loss of home rule and the despotic rule of a dictator in the educational affairs of the state.

One speaker characterized the bill as the "burglar bill" that robbed the local school boards of all power to run their own business. The bill was termed dictatorial, un-American, despotic and a whole lot of other uncomplimentary things by the various speakers.

After a lengthy discussion of the bill and what it meant to the schools of the state a motion was overwhelmingly passed to go on record as opposed to the bill.

Then house bill No. 41 was discussed and was favorably received by the big throng.

This bill while it provides for a state school board, does not give that board the broad dictatorial powers of Senate bill No. 6.

Rather, it provides for a state school board that will be an investigating and fact finding body and not the absolute political boss of every school in the state. The state board as outlined in House Bill 41 would be a cooperative and helpful body and not a despotic boss.

When the purposes of House Bill No. 41, were made familiar to the crowd that bill met with as much enthusiastic approval as the Senate bill had met with opposition.

Then again the House Bill had been framed by people that the crowd had confidence in and had not just appeared out of thin air as had Senate Bill No. 6, which would turn over the schools of Illinois to a new political patronage racket responsible only to the Governor for its being.

The temper of the school board members of Cook county is no doubt reflected throughout the entire state and when all those school board members get to work on their senators and representatives and let them know what the folks back home are thinking about the schools of the state being turned over to any politically bossed commission, those bossism bills are liable to have a hard sledding at Springfield. The temper of the big Cook county meeting showed conclusively that the schools of every community are

dear to the people and that they want the control of those schools kept in their home offices.

School board members from Palatine attending the meeting were Pres. G. H. Arps and Paul Wilson from the grade school; Pres. Harrison Kincaid, N. L. Thompson, Charles Malloy, Wm. Mair from the high school. There was also a good attendance from the country schools of Palatine and Schaumburg townships. The meeting was called by Noble Puffer, County Supt. of Schools, who presided as chairman.

The Grand Old 'Fix'

Pity the poor police officer who makes a "pinch" and then has the guy he picked up for a violation move heaven and earth to get the ticket "fixed."

It does beat all how many people a fellow knows after he gets a ticket.

Or if he don't know the right person, he knows some one who does, or someone who knows someone else who knows the right person.

It's really a big laugh to see a big shot county employee from another town standing on the corner at 8:30 in the morning in earnest conversation with a police officer.

The "big shot" knows some one who got a ticket and is trying to ease the burden.

Then it's another big laugh to see how a big banker from another town will try to move the planets to get a ticket fixed which his son got for speeding.

It's a curious thing how the bankers will all of a sudden know the mayor and anyone else who might help them get a ticket "smoothed."

Just imagine how an officer feels who has made an honest "pinch" for a violation of the traffic laws and then has them wiped off the slate or at least a mighty effort made to wipe 'em off.

It doesn't improve an officer's disposition any and it doesn't work for the efficiency of a police force.

And another laugh is a fine of \$1.00 and court costs of \$2.00.

If a violation isn't worth as much of a fine as the court costs amount to, it shouldn't be a violation. It should be "fixed" all the way through.

We firmly believe that Palatine police officers do not make unnecessary arrests. If they arrest a person for a violation of the traffic laws and can prove their case that violation should be made to stick and the officer should be backed up.

The laborer's son is just as much entitled to have a ticket fixed as a banker's son. If either one has violated the law, there should be no distinction between them. If there is a fine for one, there should be a fine for the other. If there is a fix for one, there should be a fix for the other.

That's one trouble in our country today. Too many big shots doing as they'd—please, at the expense of the common people.

June 22—Evergreen vs. Vogue.

Evergreen Wins in Overtime

In the best played game of the year Evergreen Sweet Shop beat the Vogue by a 3 to 2 count.

The Vogue got off to a 1 to 0 lead in the second inning and held this until the sixth when Evergreen went ahead 2 to 1 on a walk, an error, and a three base clout by Al. Kahl.

The Vogue tied it up in the first of the seventh on a three bagger by Colby and a fly to center field. The winning run was scored in the eighth on an error and G. Granzi's triple.

Both pitchers hurled excellently throughout the game. Granzi has finally hit his stride and will make it tough for the boys. Bing Miller's change of pace had Evergreens fooled completely.

In the first two innings it looked as if Buffalo would give Gaare a good game, but in the 3rd, 4th, and 5th innings, Gaare unleashed their power and scored 8 runs. The final score was 8 to 2.

The outstanding hitters of the game were Luke Sadeck and Ray Kayes. Each of the boys got a pair of singles. Paul Tossman poled a long home run over the left fielder's head with two men on in the third. The fielding star of the game was Gus Kolt, who covered a lot of territory in roving the field and in the 6th inning made a diving catch of L. Sadeck's low liner.

Rose-Lo vs. Gaare

All of you baseball fans who want to see a real ball game, come out to the softball diamond Sunday, June 19, and see the Rose-Lo vs. Gaare game. The game will be played directly after the Red Wing game. Everyone knows the rivalry that existed between these teams last year, but that was just a preview as to what's going to happen this year. Don't forget, Sunday, June 19, after the Red Wing game — Rose-Lo vs. Gaare.

Barney Goeddeke, Itasca, Died Wednesday; Funeral Saturday Afternoon

The funeral of Barney Goeddeke, of Itasca, will be held at St. John's church, near Bensenville, Rev. Zimmermann, pastor, Saturday afternoon, starting at two o'clock from the residence in Itasca. Mr. Goeddeke died Wednesday morning.

"Why Retire At 65" Say Cement Workers, Averaging 78 Years Old

When John Bergman, Chicago avenue, Palatine, asked the officials of that village to raise the cement walk in front of his home, he was told that the village did not have men or money for such work.

"Alright," said John, "we will do it ourselves." John, who is 79 years of age sent word to his brother, Dan, who is 87 years old and Chas. Schimming who is 70 years. Between the three of them they raised 66 ft. of sidewalk five inches.

When told that the average of the group was 78½ years, they did not think that age was unusual. The father of John and Dan Bergman worked on the farm until he was 95 and as Dan said, "we are still only youngsters in spite of the fact that fellows in Washington think that we should die or take a pension."
